# ABDUL KABEER SUDAGAR

Undergraduate Full Stack Developer | Automotive Enthusiast |

Problem Solver & Eager Learner

Karachi Division, Sindh, Pakistan

## Summary

I am currently pursuing an undergraduate degree in Full Stack Development, diving into both front-end and back-end technologies with enthusiasm and a commitment to mastering the full stack. As I embark on this educational journey, I am excited about the endless possibilities in tech and eager to apply my learning to real-world challenges.

In addition to my studies, I have hands-on experience working at Abdullah Motors, an automotive shop where I gained practical knowledge in automotive parts and operations. This experience has not only deepened my understanding of the automotive industry but also honed my problem-solving and customer service skills.

I am passionate about integrating technology with various industries, including automotive, and am eager to connect with professionals and explore opportunities to contribute and grow. Let's connect to discuss potential collaborations or share insights!
